To Whom It May Concern.

11th September 2017

Development Commencement – Manor Farm

Dear Sir/Madam,

I am making contact with you on behalf of Talbot Homes relating to the planning approval on Manor Farm.

As you know this approval was successful in June of this year, I am writing to confirm that we intend to begin development work on the site on Wednesday 13th September 2017.

This work essentially securing the site by way of construction fencing in preparation for demolition works to begin Week commencing the 18th September 2017.

We hope to have the development completed by June 2018, given favourable weather, we understand that there will be an element of disruption during construction. We will be doing our very best to minimise any disruption and would like to keep an open line of communication between ourselves and local residents who would like to make contact.

If you have any concerns you wish to discuss, please make contact with Talbot Homes Head of Operations Lee Hancock on either lee@talbothomes.co.uk or 07468 418299. Alternatively you can contact Talbot Homes office on 01295 477444.

Regards

Duncan Vercoe

Managing Director
